This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

AMENDMENTS, &c.

The Committee on Publications were instructed, by a vote of the Counsellors, to publish the Amendments of the By-Laws which have been adopted since 1832, with a corrected list of the Fellows of the Society.

—

The following sections of the Revised Statutes supercede the acts of 1818 and 1819, regulating the practice of physic and surgery.

PART I. CHAPTER XXII.

Section 2. The Counsellors of said society at their first meeting, in every year, after the annual meeting of the society, shall appoint not less than twenty censors or examiners, from among the fellows of said society, to wit: five in each of the districts mentioned in the following section; and the five in each of said districts, respectively, shall constitute a separate board of censors.

Section 3. For the purpose aforesaid, the state shall be divided into four districts, to be entitled, re-

spectively, the first, second, third, and fourth medical districts; and the first medical district shall include the counties of Suffolk, Essex, Middlesex, Norfolk, Bristol, Plymouth, Barnstable, Duke's county, and Nantucket; the second district shall include the county of Worcester; the third district shall include the counties of Franklin, Hampden, and Hampshire; and the fourth district shall include the county of Berkshire; the meetings of the censors shall be held in these districts, respectively, in such places, and at such stated periods, as the Counsellors of the society may direct, and the said Counsellors shall be authorized to subdivide or alter any of the said districts, and to make new districts and appoint censors therein, whenever the public good may seem to require it.

Section 4. The said censors, at their stated meetings in each of the said districts, shall examine all who shall offer themselves to be approved as practising physicians or surgeons, who have received such an education, as is or may be, from time to time, prescribed by the regulations of said society, and who are duly qualified as candidates for such examination; and every candidate who shall be approved by the censors, shall be entitled to letters testimonial, under their hands, of their approbation and of their license to practise physic or surgery, or both; which letters shall also be sealed with the seal of the society, and shall be signed by the president and secretary thereof.

Section 5. If the said censors shall unreasonably refuse to examine any person, who is duly qualified for such examination, they shall severally forfeit

a sum not exceeding four hundred dollars, to be recovered by such candidate to his own use.

SECTION 6. No person shall be entitled to his letters of license, until he shall pay such reasonable fees, as shall be established by the society to be paid for such examination and letters of license.

SECTION 7. When any person who has been educated to the practice of physic or surgery, in any place out of this state, and who has come into this state to pursue the same, shall present himself to either of the said boards of censors as a candidate for their approbation or license, if they are satisfied that he has received an education equivalent to that prescribed by the regulations, which have been or may be established by said society, and that he has been duly examined and approved by some competent authority, they may license him to practice physic or surgery, or both, as the case may be, without subjecting him to a new examination.

SECTION 8. Every person who has been licensed to practice physic or surgery, since the year one thousand eight hundred and eighteen, or who shall hereafter be so licensed, shall deposite a copy of his license with the clerk of the town, in which such licentiate may reside; and the said clerk shall file in his office, such copy attested by him, with his certificate thereon of the time when the same was so deposited; for which he shall receive from the licentiate the sum of fifty cents.

SECTION 9. Any physician or surgeon, duly qualified according to the law of this Commonwealth, or any medical student, under the authority of any such

physician, may have in his possession human dead bodies, or the parts thereof, for the purpose of anatomical inquiry or instruction.

SECTION 4. The said board of Overseers shall have the same power and authority in relation to said Institution as belong to the Overseers of Harvard College in relation to the said College; and any vacancy that may occur therein, by the death or resignation of members, not designated by their office, shall be filled at any legal meeting thereof by the board; provided, that in such election, the Trustees of said Institution shall not be entitled to vote.

AMENDMENTS OF THE BY-LAWS.

—

By-law I has been altered so as to change the time of the Annual Meeting from the "first Wednesday in June," to the

"last Wednesday in May."

In conformity with this alteration, the 10th By-law is amended by striking out the words

"in June,"

in the clause which fixes the time for the first annual meeting of the counsellors; and the 13th so as to read

"At the first stated meeting of the counsellors every year they shall choose," &c.

The 44th By-law is also, in consequence, altered in the first paragraph, so as to require the treasurer of the society,

"in the first week of May annually,"

to transmit to each treasurer of a district society, a list of all assessments which will be due from the members of said district society,

"on the last Wednesday of said month;"

and in the second paragraph the treasurer of the district society is required to collect the assessments

"as soon as may be after the annual meeting."

By-law II is amended by inserting at the beginning of the second paragraph, the words,

"The counsellors shall be elected from among the fellows of the society."

By-law VIII is amended by adding the words,

"From and after this annual meeting, (1836,) persons entering on the practice of dental surgery, shall be regarded like other practitioners of medicine or surgery, so that the eighth by-law shall be applied to them; provided, however, that the same shall not be applied to those persons who are already known as dentists."

By-laws VIII and LIII are amended by inserting, after the words "doctor in medicine of Harvard University," in each, the words,

"or of the Berkshire Medical Institution."

In like manner, in the 17th Order, after the words "Harvard University," in each of the three places in which they occur, the words,

"and of the Berkshire Medical Institution,"

are inserted.

By-Law XXIV is stricken out, and the following adopted in its stead:

XXIV. The records of the society, and of the counsellors, shall be produced at every anniversary meeting of the society and placed by the secretaries in some convenient place for the inspection of such of the fellows as are desirous of consulting them; and at all other times, it shall be the duty of the several secretaries, to grant every reasonable indulgence to every fellow of this society, who may wish to examine the records.

The following new by-law has been adopted:

LVI. If any licentiate of this society, or Doctor of Medicine, graduated either at Harvard University or at the Berkshire Medical Institution, shall neglect to obtain admission as a fellow of this society according to the method of the 53d by-law, for one year after he is entitled to the same, he shall be deemed an irregular practitioner: nor shall he afterward be admitted as a fellow of the society, unless he make a representation of his case in writing to the counsellors, and satisfy them that he has had good reasons for not pursuing the steps necessary for his admission as a fellow, within the time above specified. In every such case, the counsellors shall decide by vote whether the reasons are, or are not, satisfactory, and the result shall be communicated to the applicant by the corresponding secretary; whereupon, if the result be favorable to the applicant, and he sign the by-laws, according to the 53d by-law, within three months, he shall be admitted as a fellow, and not otherwise.

The following new Order of the counsellors has also been passed by the society:

7. No candidate for election as a fellow of this society shall be finally balloted for by the counsellors at any meeting except at the first stated meeting of the counsellors; unless there be present at the time of balloting at least one counsellor from the county where the candidate resides, or there be furnished a written recommendation that he be elected, from a counsellor of the same county.
